

A message from our CEO –

Due to the adverse affects and hardship COVID-19 has imposed in our communities and nation, American Nation Bank is prepared to defer the principal portion of monthly payments in an effort to ease the financial burden that our customers are experiencing. ANB customers that would like to have their monthly payments deferred will only be required to pay “interest only” with the principal portions being deferred for a period of up to ninety days or three monthly payments. ANB loan customers who have other payment schedules may take advantage of this offer as well. We hope that our deferral offer to all ANB loan customers will help provide relief from the economic turmoil resulting from COVID-19. Our loan professionals are ready to provide you with the necessary assistance to take advantage of this offer should you need it. Please contact us at 580-226-6222 or 800-580-7235 for assistance.

Trying times are upon us, we stand ready to assist our customers.

Jesse Cross, CEO
